PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Dockets Nos. 553, 554, and 555.—In re New Jersey Coop Co., Inc., New York Live Poultry Trucking Co., Inc., and New York Coop Co., Inc., all of Hoboken, N. J. On July 1, 1937, the Secretary issued orders prescribing a reasonable charge for the rental of coops by respondent companies. On July 15, 1937, respondents filed a petition for modification of these orders. On August 13 the Secretary issued an order postponing the effective date of his orders of July 1 and stipulated that respondents could charge rates for rental of coops set out in their petition from October 1, 1937, and until otherwise ordered by the Secretary. On January 17, 1938, the respondents again petitioned the Secretary for a modification of his orders of July 1, 1937, on the ground that the charge of 65 cents for the rental of a coop being made by respondents is not sufficient to enable respondents to pay buyers for the return of empty coops as had been the former practice. Respondents further contended that due to the discontinuance of the payment of 20 cents a coop to the buyers respondents had suffered losses of coops and had encountered great difficulties in obtaining the return of empty coops. Respondents, therefore, requested that the orders of July 1, 1937 be modified so as to permit them to charge 85 cents for the use of a coop, 20 cents of which is to be paid by respondents to the buyers for the return of an empty coop. On January 29, 1938, the Secretary issued an order finding that respondents in their petition had failed to show that 20 cents per coop is a reasonable amount to charge for the return of coops and denied the petition for modification. The Secretary further ordered that the effective date of his orders of July 1, 1937, be postponed to March 1, 1938, in order to permit the continuance of the rates and charges now being observed by the petitioners.

Docket No. 900.—In re Insurance Co. of North America, Chicago, Ill. The Acting Secretary of Agriculture on July 31, 1937, issued an inquiry alleging that the respondent had violated title III of the Packers and Stockyards Act, in that it had failed to pay for the loss of hogs insured by it on two occasions. A hearing was held on August 19. As the respondent has ceased writing livestock transit insurance and has satisfied the claims of the complainants, the case was dismissed on January 11, 1938.

Docket No. 1004.—In re Community Poultry Mart, Chicago, Ill. The Acting Secretary of Agriculture on November 26, 1937, ordered that a hearing be held to allow the applicant an opportunity to show cause why its application for a license to handle live poultry in interstate commerce should not be denied. Such a hearing was held on December 7 and from the evidence adduced it was found that the applicant was financially unable to fulfill the obligations that it would incur as a licensee. Since the hearing the applicant has discontinued handling live poultry in interstate commerce. Therefore, the proceedings were dismissed on January 19, 1938.

Docket No. 1010.—In re Polmen Poultry Corporation, Chicago, Ill. The Secretary of Agriculture on December 1, 1937, issued an inquiry alleging that respondent was insolvent in that it was financially unable to fulfill the obligations that it would incur as a licensee. A hearing was held on December 7. As the evidence shows that the respondent has paid in full for all purchases of live poultry

and other commodities and has not handled any live poultry since October 31, and does not anticipate handling live poultry in the future, the proceedings were dismissed on January 21, 1938.

Docket No. 1017.—In re The Dalton Meeks Co., Buffalo, N. Y. The Acting Secretary of Agriculture on December 13, 1937, issued an inquiry alleging that respondent was insolvent in that it was unable to pay its debts as they became due in the usual course of business, and that it had engaged in and used an unfair, unjustly discriminatory and deceptive practice and device in connection with the use and disposition of funds which endangered and impaired the faithful and prompt accounting to the owners and consignors of livestock, and other persons having an interest therein, for the net proceeds of the sale of said livestock. On December 18 respondent acknowledged receipt of the inquiry, admitted the truth of the matters and things alleged therein, and waived a hearing thereon. On January 19, 1938, the registration of respondent was suspended for a period of 1 year, and respondent was ordered to cease and desist from the unfair, unjustly discriminatory and deceptive practice and device mentioned above. It was also ordered to keep such accounts, records, and memoranda as will fully and correctly disclose all transactions involved in its business.

Docket No. 1027.—In re Anton Bezic, Chicago, Ill. The Acting Secretary of Agriculture on December 27, 1937, issued a notice of hearing and order to show cause why his application for license to handle live poultry in interstate commerce should not be denied. A hearing was held on January 3, 1938, at which time Steve Rogulich appeared and stated that he had just purchased the business from the applicant and would make application for a license to conduct it. Therefore, the proceedings in this cause were dismissed on January 27, 1938.
